

DISCOVER PHARMACY AGENDA
SATURDAY, JUNE 10TH, 2017
SOUTH JORDAN CAMPUS

11AM-12PM: Check-in and registration

- Student-led tours and an icebreaker will be held during this time

12PM-12:15PM: Opening address by Dean Larry Fannin and PharmD/MBA Program discussion

12:15PM-12:30PM: Pharmacy testimonials

- Hear about the amazing things our students and faculty are doing

12:30PM-1:30PM: Lunch, Q&A, and Student Organization booths (P1 Classroom)

- Enjoy a complementary box lunch while getting to hear about the various ways to get involved while in pharmacy school
- Faculty and administrators will also be available for questions

1:45PM-3:15pm: Special Programming

- Guests will travel through one of two special programming circuits based off their interests. One circuit is for the incoming Class of 2020 and their parents and the other session is dedicated to prospective students, their parents, and counselors. These sessions will help prepare incoming students for life at Roseman, help prospective students and counselors learn more about pharmacy as a career, and parents to learn about their student's education at Roseman.

- **First Circuit** (Incoming Class of 2020 and parents)

- **Room 1:** Financial aid presentation by Sally Mickelson
 - *Our Director of Financial Aid will provide some helpful financial aid information and give you an opportunity to ask questions*
- **Room 2:** Student life by Chase Baker, Kyle Gordon, and Dr. Tyler Rose
 - *Learn about how to succeed as a student at Roseman. Also learn about how to enjoy yourself here in the South Jordan area.*
- **Room 3:** Career Pathway by Dr. Tressa McMorris
 - *Learn about the many different career pathways that can be pursued after obtaining your PharmD. Have you ever thought about being a veterinary or ambulatory care pharmacist?*

- **Second Circuit:** (Prospective students, parents, and counselors)
 - **Room 1:** Keys to Admission by Trenna Weathers, Cristina Hamacher, and Dr. Dustin Grant
 - *This informative session will cover the admissions requirements to our Doctor of Pharmacy (PharmD) program, including tips to make your application more competitive*
 - **Room 2:** Compounding/Research by Parisa Ourmasdi, Michael Leonard, and Dr. Casey Sayre
 - *This session will highlight the roles pharmacist play in pharmacy research*
 - **Room 3:** Career Pathway by Dr. Aesha Drozdowski
 - *Learn about the many different career pathways that can be pursued after obtaining your PharmD. Have you ever thought about being a critical care or regulatory pharmacist?*

3:30PM-5:00PM:

- **A Day in the Life of a Pharmacist Simulation**
 - This session will utilize a patient case to demonstrate the roles of pharmacists in a critical care, ambulatory care, and community pharmacy settings. Attendees will have an opportunity to see Pharmacists in action!
- **Social Hour and Information Booths (Student Commons)**
 - Attendees can connect and interact with other students, faculty and staff in a relaxing, informal setting
 - *Booths representing student organizations, financial aid, MBA program, etc. will be in attendance*
 - *There will be an area that the Incoming Class of 2020 could look for potential roommates*
 - *Refreshments will be provided*
