Roseman University will grant conditional acceptance into its PharmD degree program to students who have successfully completed the pre-professional phase of the program (NSC curriculum) provided the following conditions have been met:

1. The satisfactory completion of the entire pre-professional curriculum (as published on the Roseman University website and as listed in Appendix A) with an overall GPA of 3.0 or greater on a scale of 0 to 4.
2. A letter of recommendation from an NSC School of Liberal Arts & Sciences faculty member.
3. The completion of the Roseman University Pharmacy program application and admission process, including qualification for an interview during the final year of study at NSC.

The conditional acceptance to the PharmD program will be contingent upon the NSC student's completion of all Roseman University prerequisite coursework at the required passing standard, a successful interview with Roseman University, and meeting the criteria of Roseman University College of Pharmacy Technical Standards for Admission, Advancement, and Graduation as published on the website.
