

ROSEMAN UNIVERSITY OF HEALTH SCIENCES

Dear Roseman University of Health Sciences College of Nursing Applicant,

The educational curriculum for your Program may or may not meet educational requirements for the state in which you are located and/or the state where you intend to practice. Pay close attention to the information to help guide decisions regarding your education and professional goals.

Please also keep in mind that there are many requirements for the Program in addition to curriculum requirements. Licensure boards in different states and territories most often require that other criteria also be met for licensure/certification, including but not limited to:

- passing post-graduation specific examinations;
- graduating from programs accredited by specific accrediting agencies;
- proof of working/practicing a specified number of hours in the discipline;
- background checks;
- and proof of malpractice insurance.

Prior to enrolling in a Program, you should contact the licensure board in the state in which you wish to practice for the most complete and up to date information pertaining to your Program.

***Information subject to change**

It is important that you understand, should you change your state of residence, and/or change where you intend to practice during your matriculation at Roseman University of Health Sciences, the Program requirements can be very different based upon the state involved. Also, understand that Roseman University of Health Sciences is under no obligation to change or adapt its curriculum, or secure any necessary authorizations that may be required from another state or that state's professional licensure board should students relocate to another state during the course of their matriculation in a Program.

It is highly recommended that you contact the appropriate licensing agency in the state where you are located and/or intend to practice to confirm requirements.

Finally, you are reminded that you are obligated to give notice to Roseman University of Health Sciences to update your state of residence if you do relocate to another state during the term of your Program.

Sincerely,

Brian C Oxhorn, PhD, RN
Dean, College of Nursing
Roseman University of Health Sciences
