

READMISSION FOR SERVICE MEMBERS POLICY

Approved by Administrative Council 8/10/15

Effective date 8/10/15

Students who receive orders for military deployment during their program of study will be eligible for readmission. The academic program will work with each student on a case-by-case basis, after receiving notification of his/her anticipated return date to evaluate the best options to ensure a timely progression and completion of the program of study. The student will enter the same program of study, unless changes to the curriculum will expedite program completion. If students are deployed longer than one year, a competency based re-evaluation assessment with a remediation period will be employed to determine appropriate placement of the student within the curriculum.
